

Blue, Flexin

I was flexin, anticipating,
I was wondering what i could say.
I was driving around, around in circles,
Its a miracle I stayed away.
All i want to do is hold you thight,
Would you object if I called you mine?
Did you hear me right?
Ill do you no wrong
And baby no frettin
I just suggest we get it on.

Its summer time, youre so fly.
You and me, it could be.
I was flexin, cillin on my own,
But now Im all greared up and ready to play.
She was walking around, around in circles,
Its a miracle I stayed away.
