

Blue Foundation, Bonfires

I was given wine

We're feeling okay

And quite all right

You wash my tears away

And make me wanna stay

And bonfires lit up the shores

(Wa fa fa-vey)

To go beside you

Is where I want to be

(Wa fa fa-vey)

To laugh, to love

Days of roses and wine

Drifting astray

With your hand in mine

You stroke my fears away

And make me wanna stay

And bonfires lit up the shores

(Wa fa fa-vey)

To go beside you

Is where I want to be

(Wa fa fa-vey)

To laugh, to love

(Wa fa fa-vey)

Where to go and hide?

We're going to the sea

(Wa fa fa-vey)

To laugh, to love

And this is how it went;

I am here to stay

Roaring with the wind

There's life within

This is what I give

A circle is complete

Another circle spins

There's life within

Within
