

Blue Foundation, End Of The Day (Silence)

Silence,
Stretching out, between, us.
I dream of a presence,
With essence,
And absence of doubt.

Come closer.
Come and stay with me, now,
Help me reconcile.
Come and stay a while.

And I will find a home,
Because we love till the end,
We love till the end,
And I will find a home, (find a home)
Because we love till the end,
We love till the end of the day,
Of the day, of the day.
Of the day.

Of the day, of the day.
Of the day,
Of the day.

Distant,
Shifty-eyed, and restless.
I dream of a presence,
With essence,
And absence of doubt.

Come closer.
Come and stay, with me, now,
Help me reconcile.
Come and stay a while.

And I will find a home,
Because we love till the end,
We love till the end,
And I will find a home, (find a home)
Because we love till the end,
We love till the end of the day,
Of the day, of the day.
Of the day,
Of the day.

Of the day, of the day.
Of the day,
Of the day.
