

# Blue, How`s a man supposed to change

Yo,check it out  
First verse,drop it

(1)

Lord knows I`m gonna make it  
To brighter days I`m on my way  
I dreamed before and saw the way that I was misbehaving  
Now I`m standin face to face

(Pre-chorus)

To my reflection I can`t see it  
My vision`s blinded by the pain (cause that`s how I feel)  
My mirror`s broken  
I`ve been cursed with seven years of bad luck  
Will the sorrow ever change

(Chorus)

So now my soul`s in debt  
I must regret  
I die and live another lonely day  
Tell me,how`s a man supposed to change? X2  
How`s a man supposed to change,tell me

(2)

My fear is growing old unhappy  
Without my loved ones next to me  
Ink on my skin has nearly faded  
Incarcerated for my sins

(Pre-chorus)

(Chorus)x2

Blue,sing

How`s a man supposed to change  
How am I supposed to change

Blue

(Chorus)

How`s a man supposed to change  
Tell me how`s a man supposed to change x3

(Chorus)
