

Blue System, 2000 Miles

Tomorrow - you'll find your hero
We could be so good tonight
Oh babe, this love never dies
Tomorrow - shadows and sorrows
Oh, love is stronger than pride
Because, babe, my tears will dry
Two hearts beating together
One love is lasting forever
True love will never deny
Baby, baby, baby

2000 miles to love you -
But baby I'm only a fool for a better story
Oh baby, I only want you
You're crying on the telephone
You can't hide your heart
You can sail the ship alone
Everybody needs a little love

Tomorrow - we'll chase rainbows
Don't lose your love paradises
Oh babe for secret lies
Tomorrow - I say I'm sorry
When hearts will tumble down
Love will make the world go around
Two hearts beating together
One love is lasting forever
True love will never deny
Baby, baby, baby

Tomorrow - you'll find your hero
We could be so good tonight
Oh babe, this love never dies
Tomorrow - shadows and sorrows
Oh, love is stronger than pride
Because, babe, my tears will dry
Two hearts beating together
One love is lasting forever
True love will never deny
Baby, baby, baby

2000 miles to love you -
But baby I'm only a fool for a better story
Oh baby, I only want you
You're crying on the telephone
You can't hide your heart
You can sail the ship alone
Everybody needs a little love

Tomorrow - we'll chase rainbows
Don't lose your love paradises
Oh babe for secret lies
Tomorrow - I say I'm sorry

Love will make the world go around
Two hearts beating together

True love will never deny
Baby, baby, baby
