

# Blue System, Lovers In A Missing World

Big dreams, I'm not a foolish guy  
Don't want to talk about it  
It seems, under the falling sky  
This love, oh, is a friend of mine  
Maybe here comes these tears again  
I can't stand it baby  
Oh, lady, my heart is in your hand

Oh, baby, baby, baby  
We are lovers in a missing world  
Living in a memory  
Baby, baby, baby  
Do you want to be my girl  
Oh, that is no fantasy  
Don't cry for love, my destiny  
Come on, rock me, miss Liberty  
High in the sky, that's what I feel  
Come on, rock me, miss Liberty

Baby, after the love is gone  
It cuts like a knife, girl  
Lady, where does my heart belong  
Oh, only time will tell, girl  
Maybe eyes crying in the rain  
I can't stand it baby  
Lady, my heart is in your hand
