

Blue System, Nobody Makes Me Crazy (Like You)

Oh, ice and fire - together we can shine
Dancing in the danger zone - hearts on fire
Oh, baby - please be mine - I can make it on my own
Nights are too short - tonight I feel love
And every moment I feel eternity
Nobody makes me crazy like you do
Oh baby, I can't take my eyes off you
A little bit of you - I give you all my heart, oh lady
Nobody makes me crazy like you do
Oh, baby I just can't say no to you
Oh, everybody needs a little love to live
My sweet desire - I'm dreaming like a child
Oh, she makes me feel brand new
My destination, baby, is running wild
Every song reminds me on you
Nights are too short, tonight I feel love
And every moment I feel eternity
