

# Blues Brothers Band, Funky nassau

Nassau's gone funky  
Nassau's gone soul  
We've got a dog on beat now  
We gonna call our very own  
Nassau rock and Nassau roll  
Nassau's got a whole lotta soul  
Huh  
Feel alright  
Mini skirt  
Maxi skirts  
And afro-headed dudes  
People doin' their own thing  
They don't care 'bout me or you  
Nassau's gone funky  
Nassau's gone soul  
And we've got a dog on beat now  
We gonna take care of business too  
Listen to the drummer, lay down his beat  
Listen to the bass man play that same groovy beat  
Attend the guitars if that sounds so tuned  
L'organ aussi!  
Et les horns, oui, oui  
Hors  
Funky Nassau  
Nassau funky  
Alors, puis-je jouer s'il vous plait  
New York you know  
has got a lot of soul  
And London Town  
is too dog on cold, too cold, hey  
Nassau's got sunshine  
and this you all know  
But we all go funky  
We got some soul  
Trumpet! Encore une fois!
