

Blues Pills, Gypsy

I had crossed the country
Looking for Mexico
I gat stuck in Kansas
With no place to go

I'm a gypsy
That's what I am
I'm a gypsy
And I don't give a damn

Somebody took my land
And I got no place to go
But I try on my mind
Yes U try by myself

I'm a gypsy
That's what I am
I'm a gypsy
And I don't give a damn

I can see train coming
On the track
I gonna jump on it
And I walk away
/2x

A nobody
Stop my moving
Coming to you
Coming to your time
Time is wasting
Ain't no time
So I don't worry that

I can see train coming
On the track
I moving on a highway
To a distant land
Coming to your town
To see your ...

I'm a gypsy
That's what I am
