

# Blur, Far Away Island

Utwór 'Far Away Island' z albumu 'The Ballad of Darren' od Blur (premiera 21 lipca 2023r.)

It's on my mind  
As the light fades  
What you doing tonight?  
Are you dancing?  
Are there new tunes to play?  
As I sail further away from you

Far away island, I miss you  
I know you think I must be lost now  
But I'm not, anymore

It's on my mind  
We're away now  
Down, down into the shadows  
I'm cut to pieces  
And I am dancing alone with the moon  
And the white whale

Far away island, I miss you  
I know you think I must be lost now  
But I'm not, anymore

Far away island, I miss you  
I know you think I must be lost now, but I'm not, anymore
