## Blur, Slow Down

It's up to you You know it is I can't convince you All you have to do is Slow Down I've always said It will never change All you have to do Just to be you I think that's all I want to say All these things That I told you I didn't mean at all I'd forget you So if you come here If you come here All you have to do Just you be you I think that's all I need to say to you
