

Bo Pepper, Children

You take pills to make you numb
But then you can't come
No you can't come
I bring your cigarettes to keep you sweet
If only cigarettes could keep you sweet

You've been down on your luck
But they don't give a fuck
No they don't give a fuck
They'll only help you when they help themselves
Just watch'em help you when they help themselves

When everything is built to be destroyed
Sometimes you just wanna be a little boy

Oh, your friends they look the same
They dress the same way
Made out the same clay
Makes you feel like you could disappear
Don't you wish you could just disappear

I can't work from this blank page
I got this dental rage
It's like a dead weight
Dragging me down
I'm scared I'll hurt someone
I'm pretty sure I might've hurt someone

And yeah, everything is built to be destroyed
Sometimes you just wanna be a little boy
And I got so much to live for in this world
Sometimes I just wanna be a little girl

You and me
We got a story of our own
You and me
We could be friends
We could be friends

(We got so much to give, we got so much to give so we can..)

Learn from our mistakes
And our heart-aches
Let the earth quake
And never show them what you feel inside
No one said life wasn't easy, right?

When everything is built to be destroyed
Sometimes you just wanna be a little boy
And I got so much to live for in this world
Sometimes I just wanna be a little girl

Little Girl
Little Boy
Little Girl
(Sometimes you just wanna be a little boy.. boy..boy..boy)
