

# BoA, Dress Off

Boy just looking at you  
Boy I know what you want to do  
Boy but you can't until the night is through  
Why don't you whisper it to me me me me  
How you wanna get freaky ky ky ky  
And we can get down down down  
But first you gotta wait  
So all you wanna do is take my dress off (Dress off)  
And like a candy store I know you want it all (It all)  
Oh I can read you baby and I know that you want me  
With my dress off my dress off (d-d-d-d-dress)  
With my dress off off off off off~ off off off~  
With my dress off off off off off~ off off off~  
Boy I don't care about your fast car  
Boy don't matter how blinged out you are  
Boy so if you want me that won't get you far  
'cause I know what you want  
Why don't you whisper it to me me me me  
How you wanna get freaky ky ky ky  
And we can get down down down  
But first you gotta wait  
So all you wanna do is take my dress off (Dress off)  
And like a candy store I know you want it all (It all)  
Oh I can read you baby and I know that you want me  
With my dress off my dress off (d-d-d-d-dress)  
With my dress off off off off off~ off off off~  
With my dress off off off off off~ off off off~  
There is always something more you'll find out what's in store  
But you have to completely give yourself to me me me me  
Me me me me me me me me me me  
So all you wanna do is take my dress off (Dress off)  
And like a candy store I know you want it all (It all)  
Oh I can read you baby and I know that you want me  
With my dress off my dress off (d-d-d-d-dress)  
With my dress off off off off off~ off off off~  
With my dress off off off off off~ off off off~
