

# Bob Catley, Walk On Water

Lost in your smile  
I'm lost in your innocence  
Playing a game I know I can't lose  
Who makes the rules?  
Who say's what's right or wrong?  
Show me a man who lives without sin

How will I know when I get it right?  
Will I walk on water?  
How will I know will I see the light?  
Will I walk on water?

Lost in a dream  
I'm lost in the make believe  
The truth that we seek so plain to see  
The price that I pay  
No one can understand  
Sometimes in life the best things are free  
For you and me

How will I know when I get it right?  
Will I walk on water?  
How will I know will I see the light?  
Will I walk on water?

If all I have to give is what I feel inside  
If I lose my way will you be there by my side?
