

Bob Geldof, Yeah, Definitely

If I fall down on my knees
And my tear-stained cheeks say please
Well yeah
Yeah, yeah, yeah

And if you take me
From this world
Of lies and pain and hurt
Well yeah
Yeah, yeah, yeah

From your mouth you breathe
The breath of Summer's kiss
The magic words of calm
Come pouring from your lips

Hey babe come here quick
My head is pounding
My mind is sick
Yeah

Everybody I know said you must be joking
When they saw me with you
The laughed until they choked

And I know when it gets too much
I'll lean on you
My velvet crutch
Oh yeah

Hey you pretty thief
You stole my fear
And gave me peace of mind
Yeah
