

Bob Marley, We and Them

We now know how we and them
A go work this out
We no know how we and them
A go work it out
But someone will have to pay
For the innocent blood
That they shed ever day, oh children mark my word
It's what the bible say Yeah! Yeah!
We no know how we and them a go work this out
We no know how we and them a go work it out
But in the beginning Jah created everything
He gave man dominion over all things
But now it's too late, you see man have lost their faith
Eating up all the flesh from off the Earth
We no know how we and them a go work this out
We no know how we and them a go work it out
We no know how we and them a go work it out
Them a flesh and bone
We no know how we and them a go work it out
But we have no friends in a high society
We no have friends, oh mark my identity
We no have no friends,
We no know how we and them a go work this out
We no know how we and them a go work it out
We no know how we and them a go work this out
We no know how we and them a go work it out
