

# Bob Schneider, Better

To feel your poison tongue your  
winter lips upon me  
To stain the floor with our bodies nothing could be

...better

Baby so close to heaven  
do you like the way I dance I'm dancing for you  
and all I need is for you to make me feel

...better

For if you drop me on the ground  
I don't know if I would bounce back or breakdown  
don't think I could feel any

...better

All I want is a little more.  
All I need is your correction.  
All I have is nothing could be & nothing will be

...better
