

Bob Schneider, The Way Life Is Supposed To Be

i saw a falling star
at the foot of the mountain of the dead
in the middle of the mexico in my mind
i didnt get too far
thinking about the crazy things you said
i turned into this texaco to unwind

this is the way life's supposed to be
and theres a reason that you cannot see
you'll never be what you will never be
but you can always be the one for me baby

i saw the big blue world
crawling across the big blue sky
on its way to somewhere else
and i waved good bye
its a simple fact
that nothing stays the same
you can hold on till tomorrow but
it'll kick you right back down here again

and this is the way life's supposed to be
and theres a reason that you cannot see
you'll never be what you will never be
but you can always be the one for me baby

there are good days
and they come and go and never seem to last
and the bad days
when they come around always kick the
good days ass into the ground

and this is the way life's supposed to be
and theres a reason that you cannot see
you'll never be what you will never be
but you can always be the one for me baby
