

Bob Seger, Nine Tonight

She says she wants to see me
She's tired of stayin in
She says she wants some rockin'
Shes got the right man
I'm gonna take her ridin'
Out past the edge of town
Out where the wind's still racin' free on the heartland
I'll be there nine tonight
nine tonight
nine tonight
Can't wait for nine tonight
nine tonight
nine tonight

I'll be there nine tonight
ooh, nine tonight
nine tonight
She might be my baby
She might be mine - tonight
Nine tonight
nine tonight
nine tonight
she might be mine tonight

I'm movin' in to action
I'm shinin' up mt wheels
I'm tryin' hard to think of the right things to say now
The sun is slowly sinkin'
Here comes a great big moon
I'm startin' up my engine
It won't be long now

I'll be there nine tonight
nine tonight
nine tonight
Can't wait for nine tonight
nine tonight
nine tonight

I'll be there nine tonight
ooh, nine tonight
nine tonight
She might be my baby
She might be mine - tonight
Nine tonight
nine tonight
nine tonight
she might be mine tonight
