

# Bob Sinclar, Feel the Vibe (ft. Dawn Tallman)

Running wild in a daze try'na catch a dream before it fades,  
so upset, I take my time,  
can't stop me moving,  
just watch me ride,

You try to shake me up  
tell me the fool i've been  
but I shut you out,  
tonight I raise my cup cause  
it's my life to live, I don't have a doubt...

And I feel it, feel the vibe  
and I'm making the most cuz I'm grateful I'm alive.  
And I feel it, feel the vibe  
and I'm making the most cuz I'm grateful I'm alive...

Working hard, I smell success  
'Cause i believe I do my best  
Enjoy the journey, it never ends  
Long as is happy  
I passed the test

You try to shake me up  
tell me the fool i've been  
but I shut you out,  
tonight I raise my cup cause  
it's my life to live, I don't have a doubt...

And I feel it, feel the vibe  
and I'm making the most cuz I'm grateful I'm alive.  
And I feel it, feel the vibe  
and I'm making the most cuz I'm grateful I'm alive...
