

# Bob Welch, Dancin' Eyes

Written by Bob Welch.

Lady all night I've dreaming  
Of days that you spent by my side  
The best days of my life, don't you remember  
We were together you & I

(chorus)

And we had dancin' in our eyes  
Summer had us hypnotized  
We had dancin in our eyes..we had dancin' in our eyes  
We lived one day at a time  
We had dancin in our eyes...

I thought that we'd live there forever  
And I swore that our love had to grow  
But in the summertime love means December  
Will surely following blowing cold

(repeat chorus)

Now love's like a road that you travel  
Without thinking what's round the bend  
Like a drive in the country on Sunday  
All soon it's got to end

(chorus)

We had dancin' in our eyes  
We had the best days of our lives  
We had dancin' in our eyes  
We lived one day at a time  
We had dancin' in our eyes...
