

# Bobaflex, Home

It's been a long time  
And I don't think about the show no more  
I wanna go home  
I wanna go home

It's been a long time  
And I don't think I like the road no more  
I wanna go home  
I wanna go home

Just relax  
And take the red one first  
So you can go back to work  
The band can go back to work

Just relax  
And take the red one first  
So you can go back to work  
The Band can go back to work

I'm drivin' all night  
And I don't know where we were yesterday  
Is it time to play?  
Which way's the stage?

The crowd was on fire  
And I don't recognize a single face  
Oh by the way  
Can we stay at your place?

Just relax  
And take the red one first  
So you can go back to work  
The Band can go back to work

Just relax  
And take the red one first  
So you can go back to work  
The band can go back to work

I'm outta my mind  
And I don't care what the doctors say  
I'm not ok  
I'm not ok

It's been a long time  
And I don't think you love me anymore  
Pick up your phone  
I wanna go home

Just relax  
And take the red one first  
So you can go back to work  
The band can go back to work

Just relax  
And take the red one first  
So you can go back to work  
The band can go back to work
