

# Bobbie Gentry, Marigolds And Tangerines

Marigolds and tangerines  
And lots of rusty window screens  
Funny Paper, fountain pen  
And patchwork things to cover in  
Puppy dogs and potpourri  
Oh won't you come and live with me

Tambourine and tape machine  
And clippings from a magazine  
No commitments, no demands  
Just marmalade and music stands  
Stay with me and spend some time  
Just wish it so and we can rhyme

Scraps of paper, pot of glue  
And I'll make funny things for you  
Passing glance and passing touch  
Understand not saying much  
No beginning and no end  
Come live with me and be my friend
