

Bobby Brown, Somethin In Common

Verse1:

I know i may have made mistakes before
But now i understand what those mistakes were for
Throughout my travels girl, i realized
What you see, what you get don't always coincide
A bird in the hand, beats two in the bush
But just one look, was all it took
Could it be that we're the only one's thinkin' of
Harmony, ecstasy, there's somethin' about this love

Chorus:

We have something in common
Girl you mean so much to me
It should be plain to see that we...
We have something in common
It's the way we feel about each other
When we're together

Whitney:

Verse2:

I'm the type of girl who understands my man
I'll be strong, when he's weak, i will hold his hand
Now i believe old fashioned rules and old fashioned ways
Courtesy, 'honesty, like in the old days
You're my man and i'm your girl
There's nothing better in this whole wide world
I'll stand by your side til the very end
All in all, best of love, we are friends
We, we have something in common

Boy you mean so much to me
It should be plain to see that we...
We have something in common
It's the way we feel about each other
When we're together
We, we have something in common
Yes we do, yes we do, yes we do, yes we do, oh baby
It's the way we feel about each other
When we're together
Girl you know it's you that I adore
And there's no one in this world that I love more
You know I do
You know I do
I really do love you
We, we have something in common
It means so much to me
It should be plain to see that we...
We have something in common
It's the way we feel about each other
When we're together
We, we have something in common
Boy it means so much to me
It should be plain to see that we...
We have something in common
It's the way we feel about each other
When we're together
