

# Bobby Darin, I Can See The Wind

I cannot make it, girl, through the day  
Ah babe, but I can see the wind  
I cannot seem to make my way  
Ah babe, but I can see the wind.

Float in smoke, let it father me  
Ah babe, but I can see the wind  
What man is doin' doesn't bother me  
Ah babe, 'cause I can see the wind.

I do not seem to hear myself  
Ah babe, but I can see the wind  
I am a part of somethin' else  
Ah babe, but I can see the wind.

Shadowed clouds may smother men  
Ah babe, but I can see the wind  
Letting out the other me  
Ah babe, but I can see the wind.

The space around me isn't any more  
Ah babe, but I can see the wind  
I think I'm standing' but there is no floor  
Ah babe, but I can see the wind.

I can see the wind  
I can see the wind  
I can see the wind  
I can see the wind  
I can see the wind  
I can see the wind  
I can see the wind
