

Bobby Darin, When I Get Home

There's gonna be good times, baby
Just wait and see
Music and parties and laughter
Like it used to be
'Cause I'm comin' back to make us a life of our own
When I Get Home
Ummmm When I Get home (Baby)

Yeah, 5,000 miles from you, baby
Is far I know
But just remember this, baby
Wherever you go
I'm gonna love you and never leave you alone
When I Get Home
Ummm When I Get home (Baby)

When I Get Home
You're gonna wake up and find there's a new kind of dawn
Baby, When I Get Home
I'm gonna make up for all the time I've been gone

Baby, baby, if you love me...

You'll hang on a little bit longer
And we'll see it through
There aint no nothin' can stop me
From reachin' you
And I'm gonna give you a love like you never known
When I Get Home
Ummmm When I Get home (Baby)

When I Get Home (baby)
When I Get Home (baby)
When I Get Home (baby)
When I Get Home (baby)
When I Get Home (baby)
When I Get Home (baby)
When I Get Home (baby)
(Fade)
