

Bobby Pulido, Speedy Gonzalez

Five foot one a perfect ten
With gorgeous big brown eyes
Her sweet smile would light up
All the stars in the sky
We shared a drink and danced awhile
And then I took her home
To wake up the next morning to find myself alone

Like Speedy Gonzalez
Caramba que paso
One minute she was in my arms
The next where did she go
Like Speedy Gonzalez
She broke my heart in two
She left my heart and my wallet feelin'
Empty and blue

Saw her across the border
In my light blue cadillac
Her arms were around another fool
And she wasn't lookin' back
They found my car in pieces
In a town in Mexico
As for my seorita my jaunita
I don't know

Like Speedy Gonzalez
Caramba que paso
One minute she was in my arms
The next where did she go
Like Speedy Gonzalez
She broke my heart in two
She left my heart and my wallet feelin'
Empty and blue

Like Speedy Gonzalez
Caramba que paso
One minute she was in my arms
The next where did she go
Like Speedy Gonzalez
She broke my heart in two
She left my heart and my wallet feelin'
Empty and blue
