

# Bodyjar, Do Not Do

If you could help me find a way  
Then I would find a way, yeah  
If there's an answer then I'm  
Sure I'll know it too  
Not just you

The days are long and now I need  
Someone to see  
Then tell me

Don't get me wrong  
Don't get me right  
Don't get me through  
Don't need to

Do not do, do not do  
Do not do, what she tells you to
