

Bogmen, Mexico

Hold me while I die
Where every breath's a sigh

Shut my eyes
Close my mouth
Kiss my head
I am yours even in death
Now he's coming for me
Drinking from your eyes

Handle my affairs
I will never know
Bury all the bills
Leave for Mexico

Please don't be afraid
Pinholes in the shade

Shut my eyes
Close my mouth
Kiss my head
I am yours even in death
Now he's coming for me
Drinking from your eyes

Handle my affairs
I will never know
Bury all the bills
Leave for Mexico

Handle my affairs
I will never know
Bury all the bills
Leave for Mexico
