

Bogna Czekiel, I Forgot

Every day in mirror I see someone else
And I know I'm losing my time
Every moment when I see I always want to ask "how about you now?"
Why we are just simple
Why the people just can't forgive?
Whoah
No one can stop me now
Whoah
Everything's about you aow
Whoah
I need to forget that you exist
Your exist
Your exist
Your exist
People fight all their lives
Every day we have problems
Why is this life unpredictable?
Why we fight ?
Why people just can't forgive?
Oh, why?
Whoah,
No one can stop me now
Whoah
Everything's about you aow
Whoah
I need to forget about that you exist
Your exist
Maybe you found luck again
But she didn't give you what I can
I thought you love me for real
But you're just a heart breaker
Whoah
No one can stop me now
Whoah
Everything's about you aow
Whoah
I need forget about your live
Whoah,
No one can stop me now
Whoah
Everything's about you aow
Whoah
I need forget about your live
