## Bolt Thrower, Unleashed (Upon Mankind)

You watch in terror, in fear of your life Their execration revealed, only your death will suffice You cannot conceal, this reality from your mind As unknown powers, are unleashed upon mankind Unleashed upon mankind Running - in search of safety No escape - from [the] deadly wrath Screaming - you beg for mercy Silenced - by the searing blast You are forced to believe, this is for real Mind frozen with horror, as your body trembles in fear No prayers for deliverance, your gods you now forsake Summon courage from within, face your unperceived fate Unleashed upon mankind Awaiting - with expectation Impending - life's annihilation Annihilation [\*sings something else here] Mass genocide - the resolution Now verified - out termination Now the stench of death, abides throughout the world As infesting plagues, cause agonies untold Unleashed upon mankind You are the final victim, no one else has survived Alone you now suffer, eagerly waiting to die The ending draws nearer, our extinction is justly deserved Through thoughtless intentions, this holocaust incurred The closing chapter finished, now face the torment and pain Through death it becomes clearer, mankind alone is to blame Unleashed upon mankind [\*doesn't sing this]
