

# Bomfunk Mc, Rocking just to make ya move

That's how it goes, symbiose  
For those who are down  
Nuff respect to the Pioneers  
Who brought us the sound  
We still keep rocking on and on  
To the break of day  
Stay feeling good like you know you should  
Let me hear you say

Bridge:

We came to rock the party  
So come on everybody  
Pull up to the bumper baby  
Groove with the bumps that make you crazy  
This is how we do the do  
Rocking just to make ya move  
So pull up to the bumper baby  
Groove with the bumps that make you crazy

Chorus:

Fanatic,  
We're mad {of} it,  
Cos' to have it,  
That B-Boy style  
Tremendous,  
Eventious,  
You'll see us  
On a mission worldwide

(Chorus)

Rocking, just to make ya move  
Crowd of people gemmin' and jam  
Ready to get tha loose  
Sound selector behind the set  
Hit tha turbo boost  
We want the action, satisfaction  
Reached to the max  
With funky breaks, boogie down grooves  
Dudes with kangol hats

(Bridge)

(Chorus x2)

Rocking, just to make ya move
