## Bon Iver, Blindsided

Back down, down to the downtown Down to the lockdown... Boards, nails lie around

I crouch like a crow Contrasting the snow For the agony I'd rather know

'Cause blinded I am blindsided

Peek in Into the peer in I'm not really like this I'm probably plightless

I come through the window I'm crippled and slow For the agony I'd rather know

'Cause blinded I am blindsided

Would you really rush out? Would you really rush out? Would you really rush out for me now? Would you really rush out for me now? Would you really rush out for me now? Would you really rush out for me now?

Ooh, for me now Ooh, for me now Ooh, for me now

Taut line Down to the shoreline The end of a blood line The moon is a cold light

There's a pull to the flow My feet melt the snow For the irony I'd rather know

'Cause blinded I was blindsided Blinded I was blindsided Blinded I was blindsided
