

Bon Iver, Hey, Ma

I waited outside
I took it remote
I wanted a bath
"tell the story or he goes" /2x

full time, you talk your money up
while yt's living in a coal mine
tell time to call your Ma
hay Ma /2x
tell vote, you know you mope it up
well, you wanted it your whole life
you're back and forth with light

I waited outside
I was tokin' on dope
I hoped it all won't go in a minute
whit the past that you know
I wanted all the mind, sugar
I want it all mine
I had a heavy mind, sugar
it took it
it was right

full time, you talk your money up
while yt's living in a coal mine
tell time to call your Ma
hay Ma /2x
tell vote, you know you mope it up
well, you wanted it your whole life
you're back and forth with light

hey ma /2x
whatcha
say ma /2x
try to curve
deserving
I can't replace you
ha ma
replace you
hay ma /2x

I waited outside
then you took me in the room
and you offered up the truth
my eyes crawling up the window to the wall
from dusk til dawn
let me talk to 'em
let me talk to 'em all

full time, you talk your money up
while yt's living in a coal mine
tell time to call your Ma
hay Ma /2x
tell vote, you know you mope it up
well, you wanted it your whole life
you're back and forth with light
