

Bon Jovi, I Don't Want To Live Forever

Frank Sinatra died today
I came home and found my mama crying
The TV had so much to say
Somehow I was thinking about dying
I'm seventeen and thinking about dying

I don't want to live forever
Just want to know that I'm alive
Don't want to live forever
Just until the day I die

I see my daddy in his chair
He sits there night and day
The TV still looks good as new
Daddy's old and gray
And it's scaring me to death
I don't want to go that way

I don't want to live forever
Just want to know that I'm alive
Don't want to live forever
Just until the day I die

Just because your heart's still beating
It don't mean that you're alive
Don't want to live forever
Nobody lives forever
Gonna live while I'm alive

You can see the glass half-empty
You can see the glass half-full
But all I see are shattered dreams
Around this neighborhood

My brother's girlfriend's pregnant
And today she's moving in
My friends all play the lottery
And swear one day they'll win
I'm seventeen, I'm thinking about dying
I'm seventeen, no way I'm dying

Don't want to live forever
Just want to know that I'm alive
Don't want to live forever
Just until the day I die
Just because you're breathing
It don't mean that you're alive

Don't want to live forever
Nobody lives forever
I don't want to live forever
Nobody lives forever
Don't want to live forever
I don't want to live forever
Nobody lives forever
I don't want to live forever
Don't want to live forever
I don't want to live forever
Nobody lives forever
I don't want to live forever
Nobody lives forever
I don't want to live forever
