## Bon Jovi, In And Out Of Love

Young and wired Set to explode in the heat You won't tire Cause baby was born with the beat Take you higher than you've ever known Then drive you down to your knees I pick you up when you've had enough You been burned baby lessons learned In and out of love Hear what I'm sayin' In and out of love It's the way that we're playing In and out of love Too much is never enough She's gonna get ya. Running wild When me and my boys hit the streets Right on time She's here to make my night complete Then I'm long gone I got another show One more town, one mile to go One endless night of fantasy Is all she left of her with me In and out of love Hear what I'm sayin' In and out of love It's the way that we're playing In and out of love When we're together In and out of love It's too much forever In and out of love Hear what I'm saying In and out of love It's the way that we're playing In and out of love Too much is never enough She's gonna get you

In and out of love...
