Bon Jovi, Judgement Day

You take and you take without giving
Like the ride is never going to end
You think you know who's going to Heaven
Well I know I'm going to see you again
On Judgement Day
Others, they walk the bad road
If you do you better watch what you say
You think that you can hide in your shadow
But it's your shadow gonna ruin your way
On Judgement Day
You walk through the fire, no where to run to, no one to blame
Cause Hey, Hey, Hey
Winners and losers, sinners and users, will all have to pay
On Judgement Day

Some people they call me brother
Some people they say that they care
Some people they steal from the Heavens above
It's going to be a cross to bear
On Judgement Day
You walk through the fire
With nowhere to run to, no one to blame
Well Hey, Hey, Hey
Winners and losers, sinners and users, will all have to pay
On Judgement Day

It's just you and me I won't fade away Let's face up to the truth It's our own Judgement Day

On Judgement Day You walk through the fire Nowhere to run to, no one to blame Hey, Hey Winners and losers, sinners and users, will all have to pay On Judgement Day
