

# Bon Jovi, Prostitute

Hey hey hey, hey hey hey, hey hey hey  
Hey hey hey, hey hey hey, hey hey hey

I was there like your mother  
like a brother, like a friend  
Said you'd be there like a heartbeat  
Thought I'd be there 'till the end  
Then you took me like a cancer  
You turned my conscience black  
Tell the cops "here keep the ransom"  
'Cause there's no turning back

I ain't here for love or money  
And you don't see the truth  
So if you want to bleed me honey,  
Tonight I'll be your prostitute  
I will be your prostitute  
Yeah  
Hey hey hey

Could you tell me one good reason  
'Cause I can't think of none  
First you love me then you hate me  
As the lies slip off your tongue  
You say talk for me  
Baby smile for me  
You tell me I'm the one  
You say bleed for me  
Baby breath for me  
Tell me when it's done

Well I ain't here for love or money  
And you don't see the truth  
So if you're gonna need me honey  
Tonight I'll be your prostitute  
I will be your prostitute  
Yeah  
Hey hey hey, hey hey hey, hey hey hey

I know there's no forgiveness  
For the things I've said and done  
At least I know what I am  
And I'm not the only one

'Cause I ain't here for love or money  
You can't see the truth  
So if you want to bleed me honey  
Tonight I'll be your prostitute  
I will be your prostitute  
I will be your prostitute  
Yeah  
Hey hey hey, hey hey hey, hey hey hey, hey hey hey  
Hey hey hey, hey hey hey, hey hey hey, hey hey hey, hey hey hey
