

# Bon Jovi, Without Love

She wasn't young, but still a child  
There still was innocence  
In painted smiles  
She called to me as I passed her by  
Lady of the night looked in my eyes  
She said: I been through some changes  
But one thing always stays the same

[Chorus:]  
Without love, there's nothing without love  
Nothing else can get through the night  
Nothing else feels right without love

I saw a man down on lonely street  
A broken man who looked like me  
And no one knows the pain that he's been living  
He lost his love and still hasn't forgiven  
He said: I've been through some changes  
But one thing always stays the same

[Chorus]  
There's nothing without love  
Nothing else but love can burn as bright  
And nothing would mean nothing without love

I see my life  
There's some things I took for granted  
Love's passed me by  
So many second chances  
I was afraid  
But I won't be afraid no more

[Chorus]  
There's nothing without love  
Nothing else but love can burn as bright  
And nothing would mean nothing without love
