

Bon Jovi, (You Want To) Make A Memory

Hello again, it's you and me
Kinda always like it used to be
Sippin' wine, killing time
Trying to solve life's mysteries
How's your life, it's been awhile?
God it's good to see you smile
I see you reaching for your keys
Looking for a reason not to leave
If you don't know if you should stay
If you don't say what's on your mind
Baby just breathe
there's nowhere else tonight we should be
You want to make a memory
I took up this old photograph
look at all that hair we have
it's bitter sweet to hear you laugh
the Phone was ringing and I don't wanna ask
If you don't know, I'll understand
if you stay hey I got a plan
you wanna make a memory,
you wanna steal a piece of time
you can sing a melody to me
and I can write a couple of lines
You wanna make a memory?
If you don't know if you should stay
and you don't say what's on your mind
Baby just breathe
there's nowhere else tonight we should be
You want to make a memory
You wanna steal a piece of time?
You can sing the melody to me
And I can write a couple lines
