Aiyyo, the 40 cal' is full and I'm waitin'  
No matter what county I'm in, Dekalb, Cobb, Fulton, or Clayton  
Muah baby, you know who it is, the kiss of death  
If the world was sucka free, it just be me and my niggaz left  
I ain't neva scared, I got big hammers everywhere  
In places where you need yo passport at, I'm heavy there  
It's time we get even here, when I put the game back  
In it's proper perspective, this time leave it there  
You can think whachu want, til I blow the back of yo brains out  
and see if you can think with yo front  
Like a new single, make sure you leak for a month  
Treat yo face like a buffet, and tell my niggaz "Eat whachu want"  
You'ono nuthin' about puttin' a couple hundred thousand on the table  
And tell yo niggaz "Keep whachu want"  
It's usually hate or somethin' stupid that a nigga die for  
So whachu think we outside for?

(Chorus)

So I'm outside of da club and you think I'm a puuuuuuuunk  
So I go to my loaded tech 9 that's off in the truuuuuuuunk
