

Bone Krayzie, Talk To Myself

Krayzie (2x)

I talk to myself (myself), when there is no one to talk to

Tiffany & Krayzie

(The was is really raw, the raw is really war)

Ever wonder just what it's like talkin to yourself every night?

Will I ever make it through the day?

(Krayzie: Will I make it?)

Krayzie

It's so hard to believe that i'm still living, i'm alive

My clock is still ticking, guessing that God is still with me (with me)

Cuz I could have been gone so many times before

Murda Mo is chasing me i'm barely escaping it

My instincts is tellin me that I might not live long in my life (my life)

My life is a jungle I really don't love it it's ready to crumble

I fight with these devils on daily basis

I try to stay humble

Try not to fall, but what if I slip, trip?

Try to stay calm, but what if I flip?

Kill 'em all

Last night I had a long talk with myself (myself)

Drama had a nigga wonderin, wonderin how close am I to hell? (how close am i to hell?)

Then I had to pray can't let them brake me, awww nah, awww nah

But it's everyday they try to make me soft

Bud, so fried, so high is my mind state

Don't worry when i'm in the clouds

Well that's how I stay (stay)

Chorus: *Tiffany*

Ever wonder just what it's like talkin to yourself every night?

Will I ever make it through the day?

(Krayzie: Will I make it?)

Never thought I make it this far

Kinda wonder just where you are?

Will you ever make it through the day?

(Krazie: Will you make it?)

Krayzie

Caught up in my complications nowhere to go

It's mandatory that I face them, even though I don't want to (to)

They say karma can murda ya, murda ya

All this drama just got me nervous

Cuz I know i've pop shots that don't stop

They don't stop

Soon as I lose it they know I get stupid

Ain't nowhere to you, to you

Stop, stop, look, look, listen

We heard them

I'm hearin they put to get me (get me)

Can't let 'em get me

I won't stop dumpin until my clip is empty (empty)

When this one finish (finish) i'm buckin 'til I put my other clip in (clip in)

Then get up spittin back at y'all (back at y'all)

That's cuz the can't get with this at all

The war is really raw (raw, raw, raw)

Chorus: *Tiffany*
