

Bonepony, Fish In The Sea

Song for y'all out there fishin'

There's so many fish in the sea
I just throw 'em back
There's so many fish in the sea
Try to find a keeper

Fishermen listen to me
They're all so beautiful
There's so many fish in the sea
Try to find a keeper

Not a trophy
Not a meal
Not something you hang on your wall
Not something you steal
Not a new girlfriend
Not just feel
Don't you know you ain't got a stringer to fill

There's so many fish in the sea
Just imagine that
There's so many fish in the sea
Try to find a keeper

Fishermen listen to me
They're all so beautiful
There's so many fish in the sea
How do you find a keeper?

You gotta practice
And go to school.
You gotta get out in the world.
You gotta be cool.
You gotta be healthy
And care for your tools
Don't you know you ain't got a stringer to fill

There's so many fish in the sea
I just throw them back
There's so many fish in the sea
Try to find a keeper

Fishermen listen to me
They're all so beautiful
There's so many fish in the sea
Try to find a keeper

Not a trophy
Not a meal
Not something you hang on your wall
Not something you steal
Not a new girlfriend
Not just feel
Don't you know you ain't got a stringer to fill

There's so many fish in the sea
Try to find a keeper
