

Bonepony, Salvation Song

I'll find my way oh I'll find my way
To the water so clear I'll make my way
My mouth is thirsty it's longing for the wet
Water so clear I can not forget
Water so clear I can not forget

I need the water like the king needs gold
Like a river needs a hill to fall down
Like a story needs to be told and people who will listen
I need the water like the king needs gold
Like a poet needs words to rhyme with
Like a baker needs a seed to grind
Like a teacher needs an open mind

I'll find my way oh I'll find my way
To the water so clear I'll make my way
My mouth is thirsty it's longing for the wet
Water so clear I can not forget
Water so clear I can not forget
Water so clear
