

# Bonfire, Sword And Stone

We're in a world where just the strong survive  
Day after day you're heart's in danger  
You've gotta fight to keep your love alive  
You are the game, you are the changes  
And I get stronger when I look in your eyes  
I can take on the world  
I can cut through the lies

I feel the power runnin' through my bones  
I am the sword, you are the stone  
I swear forever we can stand alone  
I am the sword, you are the stone  
I am the sword, you are the stone

Two heart's together make a force that's one  
No one can stop love's fire burnin'  
Our passions racin' with the risin' sun  
The dye is cast the wheels are turnin'  
Some people say that we'll get nowhere at all  
Let 'em tear down the world  
But we ain't gonna fall

I feel the power runnin' through my bones  
I am the sword, you are the stone  
I swear forever we can stand alone  
I am the sword, you are the stone  
I am the sword, you are the stone

Hey!

And I get stronger when I look in your eyes  
I can take on the world  
I can cut through the lies  
We're in a world where just the strong survive

I feel the power runnin' through my bones  
I am the sword, you are the stone  
I swear forever we can stand alone  
I am the sword, you are the stone

I feel the power runnin' through my bones  
I am the sword, you are the stone  
I swear forever we can stand alone  
I am the sword, you are the stone

I feel the power runnin' through my bones  
I am the sword, you are the stone  
I swear forever we can stand alone
