

# Bonfire, Thumbs Up For Europe

There's a new kind of challenge  
it's colours are gold and blue  
It's got a circle of stars  
shining for me and you

Let's all give it a shot  
ready or not  
it's our destiny

Human blood is one colour  
so let's make history

It's just a little step  
in mankind's dream  
one world united - in liberty

## CHORUS

Thumbs up for Europe  
Thumbs up for Europe  
Thumbs up for Europe - you and me  
Thumbs up Germany

So just say what you mean  
and mean what you say - or shut up  
It takes a whole lot of courage  
to kill all your &quot;if&quot; and &quot;but&quot;

I don't say that it's easy  
we gotta be tough  
so c'mon everybody - we're kickin' off
