

# Boogie, Rainy Days (feat. Eminem)

Nigga, I wear fur coats in the summer, nigga  
Wife beaters in the winter, damn

I've been thuggin' through my rainy days for days  
I ain't really tryna hang today, today  
I need changes in a major way  
A way  
I just pray I never fade away, away

I ain't sayin' I like 'em  
I'd kill all them niggas and wear 'emas coats  
word to the feelings I channel  
I lose 'em as quick as a fuckin' remote  
don't be callin' me woke  
I cheat on my queen for a ho  
that's ow shit go  
she keep ssayin' we je;;  
she gon' come out her shell  
ain't no pushin' my buttons  
when all of my feelings is stuck on ": oh, well"  
bitch, I am thirsty and blessed  
I pour liquor on grails  
this for my niggas in jail  
wrestlin' I's  
that's thet hell in the cell  
I come from a place were slim  
all my woman was basic  
we see different races since singing to Em  
I can't send out no message to none of my exes  
and bithces as friends  
I can't blow it again  
need a bitch that's as thick as my skin  
shit cause

I've been thuggin' through my rainy days for days  
I ain't really tryna hang today, today  
I need changes in a major way  
A way  
I just pray I never fade away, away
