

# Boom Boom Satellites, Fogbound

Strugglin' my Strugglin' my way  
Wishing and Wanting for more n' more  
These. All these are diseaseses  
Master flow and blow me uo  
Struggle  
Try not to do as you please, or else feel. you feel dukkah  
But it makes me feel ill  
It makes me  
I've gotta live a life, make a way  
I've been strugglin' way  
I've been strugglin' way  
I've been strugglin' way  
I've been strugglin' way  
We are simply driftin'  
Only the ashes are left  
Money we save. The body we've got  
Everything ends up in the fire  
DUKKAH. It makes me feel ill  
It makes me. Forever I price to pay ,but I don't obsess  
In the end. Struggle Struggle Struggle  
Soon, I will desolve into the air, in the air  
I'm a loon. I swoon  
I've been strugglin' way  
I've been strugglin' way  
I've been strugglin' way  
I've been strugglin' way
