

Boom Boom Satellites, Loaded

Everytime I hear that sound
It strikes me white
Everytime I swear to find
Everything I need
How high I kiss the sun
So bright
At the end of a perfect day
I need a sign to find my way
I am askin' anyway
So loaded, we walk alone
Loaded, we walk alone
So loaded, we walk alone
Loaded, we walk alone
Everywhere I go I hear that sound
All night
Everywhere I go I feel that song
Everyplace
Wild words call to me all night long
I know I should feel welcome here
This is my fear, these are my tears
I don't care, I might dare
So loaded, we walk alone
Loaded, we walk alone
So loaded, we walk alone
Loaded, we walk alone
So loaded, we walk alone
Loaded, cause here I come
So loaded, we walk alone
Loaded, cause here I come
Everytime I close my eyes
It rises in me
Everyday, anytime I see
Everything is a dream
My mind is spinning round and around
I nearly touch the higher ground
this is so real, no one can heal
I'm in a daze, in a haze
So loaded, we walk alone
Loaded, we walk alone
So loaded, we walk alone
Loaded, we walk alone
So loaded, we walk alone
Loaded, cause here I come
