

Boom Shaka, Western Town

Everytime the people rebel
Babylon pull them gun
Call for the invasion
A wha dat say
Tell me why you rude so
Conquer in a we area
Ten thousand and more than that
Hundred thousands and more
Coming across the holy lands
What's their intention
Bombing civilians, Pirate

(chorus)
Youth, Youth
Youth and Youth
Now this ain't no western town
Western town, western town, to much
Rebel in a western town
Western town, western town

B movies but the staring got to fall
Before the last reel is done
Someone take him out
Rebel make your stand
Sheriff John Brown
Didn't Bobby shot him
Why is he still hanging around
This fence will never hold
To much bull in a de pen
We got to run the beast
Out of the residency
